Mayor Tells Police To Take It Easy Pending Final Settlement

Fireworks scheduled to pop at council's meeting Wednesday evening over the parking question on West Main Street failed to materialize when representatives of the Retail Division of the Chamber of Commerce told city officials that they had not had time to prepare a definite recommendation for solution of the situation.

After lengthy discussion in which many suggestions were voiced, retailers and council agreed to meet for an informal conference next Wednesday evening in the council chamber at which time a parking program will be set up.

One of the most important points developed at Wednesday's session was that regardless of the type of parking program established Circleville's police force is not sufficient to properly enforce it. The financial situation will prevent adding any policemen, council declared.

Up To Merchants

City officials, who have been striving for some years to correct the parking problem especially in the Main Street retail section, informed representatives of the Retail Division that any plan favored by the merchants will be adopted. "It is up to you," Councilman J. Donald Mason, member of the council's safety committee, declared. "Whatever kind of program you desire will be provided." The council safety committee has been spending much time considering the parking problem and had intended to recommend continuation of parallel parking on Main Street and also put it into effect on Court Street. Recommendations, though, were withheld pending the meeting next week during which the entire question will be considered.

Following council's meeting Mayor W. B. Cady issued orders to Safety Director Karl Herrmann and Police Chief William McCrady instructing the police department to be lenient with double-parkers.

A letter from the mayor to the safety director read: "It is my order that you instruct the police of the city to be lenient with the motorists as to double parking on the streets of the city until the committee and the council decide on some desirable method and make an ordinance to that effect."

CONSCIENCE OF WOMAN RESULTS IN CONFESSION OF \$21,400 BANK THEFT

NEWARK, N. J., May 8—Conscience caused Mrs. Edith Mae McManus of Harrison, N. J., to confess embezzlement of \$21,400 from the West Hudson National Bank although the money had not been missed, federal agents revealed today.

An employee of 20 years standing, Mrs. McManus was reported to have admitted tapping bank funds for the last 10 years. Bank officials said she was highly regarded by the staff. Following a guilty plea at her arraignment she was freed on \$3,500 bail.

Younger Men Easier To Train; Events Of Next Months To Decide

WASHINGTON, May 8—The Army is studying the question of a change in the draft age to permit induction of more younger men, Major General R. C. Richardson Jr., chief of the Army's Bureau of Public Relations, reported today.

Richardson added, however, that the Army's course of action "probably would be decided by events within the next few months."

Richardson explained that men over thirty years of age are "suitable for certain types of work." He conceded that there is no question that young men are "more active, flexible and easy to train" for actual combat.

Richardson said the President, under the Selective Service Law, could retain draftees and "extend their tour of duty" without further authorization from congress, but that a request to congress would be necessary to hold the National Guard in service beyond one year.

He recalled that General George C. Marshall, army chief of staff, has said that he will "reserve decision until June" on any changes in the draft age or holding the National Guard in service more than one year.

EXECUTIVE OF LOEW'S REPORTS BIGGEST SALARY

WASHINGTON, May 8—Louis B. Mayer, Hollywood producer, was paid \$697,048 in 1940, the top figure out of hundreds of corporation salary reports made public by the Securities and Exchange Commission today.

Mayer, whose official title is managing director of production for Loew's Incorporated, New York, received the lion's share of his compensation in the form of bonuses.

Nicholas M. Schenck, president of the movie company, received \$318,881, while Hunt Stromberg, supervisor of production, was paid \$332,267.

Another Hollywood film company, Universal Pictures, Inc., maintained the movie tradition of paying fabulous salaries by reporting payments of \$255,000 to Comedian W. C. Fields, \$209,833 to Edna Mae (better known as Deanna) Durbin, and \$150,000 to Bing Crosby.

Eugene G. Grace, president of Bethlehem Steel Corp., N. Y., received \$478,144, to take second place in compensation honors during the year. Quincy Brent, and Robert Mackall, directors, received \$179,443 each, Robert E. McMath, vice president, \$139,506, and Frederick A. Shick comptroller \$139,506.

ALABAMA SOLON BEATEN BY U. S. ARMY SOLDIER

BIRMINGHAM, Ala., May 8 — Congressman Luther Patrick (D) Ala., declared today that while on a train near Lynchburg, Va., last Thursday he was assaulted and severely beaten by a soldier enroute to Fort McClellan, Ala.

Patrick said the soldier, who was annoying a woman passenger, struck him three severe blows in the face, one of which would cause permanent injury. He was attended by Dr. Donovan C. Brown of New Orleans, a passenger on the train.

The soldier, whom Patrick was unable to identify, was finally subdued by other passengers and an army sergeant, the representative reported.

Patrick plans to return to Washington by motor today "if able."

Chillicotheans Confer With U. S. Officials Concerning Camp Sherman Site

CLAYPOOL WITH GROUP

Present Facilities Enough To Accommodate Many More Soldiers

WASHINGTON, D. C., May 8—A committee of Chillicotheans seeking selection of Camp Sherman of the last World War period as one of the present Army training grounds was informed by War Department officials today that no cantonment sites are being established at this time.

Department officials who conferred with the committee explained that there already are existing facilities to take care of an army of approximately two million men. The present strength of the army is 1,302,500.

The Chillicothe men gave department officials new facts in favor of selection of Camp Sherman that were not contained in previous reports by an Army Board of Survey and an engineering firm. Members of the committee were asked to write Undersecretary of War Robert Patterson informing him of the additional details.

The committee pointed out that official Chillicothe held a friendly attitude toward the army, this being brought about by the city's previous contact with troops during the previous World War.

Representative Harold Claypool, Democrat of Ohio, accompanied the committee, the personnel of which was W. M. Norvell, Alvin Jones, Walter Highland, Robert W. Dunkle, N. S. Atwell and William H. Herrmann.

EDEN AND DILL DEFY DEATH TO RETAIN FREEDOM

LONDON, May 8—A story of how Foreign Secretary Anthony Eden and General Sir John G. Dill risked their lives in a hurricane while flying home from the middle east rather than risk internment in neutral Portugal was told by official London sources today.

Eden and Dill, middle east commander-in-chief, were asleep when their plane ran into the storm near Lisbon. The pilot awoke them, saying there was only a slender chance of reaching Gibraltar and recommending a landing at Lisbon.

Both decided to take the chance. Dill, as a combatant, doubtless would have been interned at Lisbon. "I'd rather drown than be interned," the general was quoted as saying.

The plane finally reached Gibraltar safely with only sufficient fuel for ten minutes' flying left.

KNOX CALLS FOR ALL ASSISTANCE TO DEFEAT NAZIS

WASHINGTON, May 8—Warning that "we are living in fearful danger," Secretary of the Navy Knox today again called for more aid to Great Britain to resist the "forces of darkness."

Knox declared before the annual dinner of the American Booksellers Association that destruction of British sea power "by a power that openly admits it is an enemy of ours," would "ring down the curtain on civilization."

"The peril that threatens the British navy now threatens you," he continued. "That is why all the great resources of this nation, finance and industry, trade and commerce, manpower and production, are all committed to one supreme purpose, that is to see that that sea power which has been our guardian for a century on the Atlantic shall not be destroyed."

Knox warned that if the "bridge of ships" is not maintained and Britain "starved out" then the United States fleet alone would have to protect the entire Western Hemisphere "and against the victorious navies of Germany, Japan, Italy and France. Declaring that unless America dominates both oceans, they will "no longer be safe havens but will become avenues of attack," he continued:

"We have long had what we are now trying so desperately to create. We have long had a two-ocean navy. We dominated the Atlantic through the British navy because we had nothing to fear from the British navy, which could and did repel any force hostile to us. The other half of our two ocean navy dominated the Pacific."

"But now one part of our two ocean navy is in deadly peril, which is a danger to every American. Our only safety is to supplement Great Britain in resisting the forces of darkness, to prevent a victory by these forces that would ring down the curtain on civilization as we know it."

British Claim Bag Of 23 German Raiders In Heavy Attacks During Night; U. S. Planes Prove Of Aid To Defense

OPM Gives War, Navy Departments First Call On Nearly All Vital Products

BY INTERNATIONAL NEWS SERVICE
America's active participation in Britain's war effort rapidly gained power today, while in the United States the battle for and against convoys raged towards an early decision.

Britain reported that a record-breaking total of 23 Nazi raiders—ten percent of the whole German attacking force—were shot down by RAF night fighters, and in these death battles American-built Havocs and Beau fighters played an important part.

On the Mediterranean front waves of German attackers again heavily bombed the British island base of Malta—which Prime Minister Churchill said would be defended "to the death."

The axis announced seizure of an important position at Tobruk in Libya and successful clashes at Sollum in Egypt.

While Britain said that in Iraq quiet prevailed at Habbaniyah airport and Basra, Baghdad said that hostile Bedouins surrounded the British-held Suez airport. The Iraqi also said 11 British planes were shot down in an RAF raid on the Raschid airdrome near Baghdad.

Silent on Sailors

Berlin dismissed American speeches favoring convoys as a "speech mania." As for the seizure of 175 German sailors in the United States, a Nazi government spokesman said: "We will act when the time is ripe."

And in the United States the question of increasing aid to Britain was on almost every tongue.

Wendell Willkie denounced the "doctrine of defeat and despair." He demanded "less talk and more action" to make sure that American war supplies reach Britain.

"The struggle is already on us," Willkie said, and "we cannot shut our eyes to it." Many congressional leaders in Washington predicted President Roosevelt will announce within another two weeks that American warships will "convoy" British merchant ships across the Atlantic and guard the "bridge of ships" to Britain.

To fight this move, the non-intervention bloc in the senate planned to attach an anti-convoys resolution and other restrictions to legislation authorizing the President to requisition idle foreign ships in U. S. ports. But administration senators were confident they had enough votes to squelch attempts to tie the President's hands.

Simultaneously the Office of Production Management granted the War and Navy Departments first call on virtually every product (Continued on Page Nine)

FARM YOUTH LOSES HIS APPEAL IN DRAFT CASE

Pickaway County's Selective Service board was upheld in its eighth appeal case Thursday, the appeal board maintaining the local board's decision was correct.

The appeal concerned a farm youth whom the local board placed in Class 1-A maintaining that his argument that he was needed to work on the farm was not justified, since the board already had placed his brother in Class 3-A. The board held that the father, who is unable to work because of ill health, could manage the farm and the brother could work on it.

CHIEF OF STATE WOMEN'S PRISON TALKS AT ROTARY

Rebuilding a self-confidence by teaching women what society has not taught them is the purpose of the Ohio Reformatory for Women at Marysville, Miss Marguerite Reiley, superintendent of the reformatory, told Rotarians at their luncheon meeting in the American hotel Hurricane Thursday noon.

Miss Reiley, a Cleveland attorney who became superintendent of Ohio's major penal institution for women five and a half years ago, pointed out that through a program of vocational training the institution was able to place many women in private employment when they left.

When the women are brought into the institution, whether it be for first degree murder or some lesser serious offense, all are treated alike, Miss Reiley said. Girls are placed in the scrub rooms and sewing rooms. They are taught to cook, to do house work and to get along with one another.

About 50 percent of the girls at the institution come there for crimes against the person, according to the speaker. "Women are not naturally criminal," Mrs. Reiley remarked, "and few women criminals are smart."

THACHER IN LINE FOR HOME GUARD POST IN STATE

E. S. (Ned) Thacher of Columbus, former resident of Fox Post-office, was being mentioned Thursday as the possible head of the new Ohio Home Guard. Appointment of the Home Guard commander will be made by Governor Bricker after he selects his new adjutant general, expected to be Colonel Whittier S. Bird, who is now at Camp Shelby, Miss.

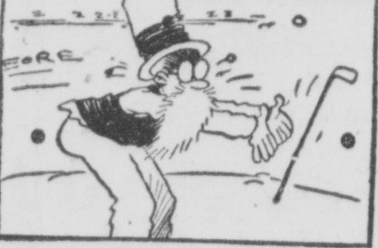

Thacher, a former high officer of the 134th Field Artillery, has been out of the National Guard for the last five years.

On the Mediterranean front waves of German attackers again heavily bombed the British island base of Malta—which Prime Minister Churchill said would be defended "to the death."

The axis announced seizure of an important position at Tobruk in Libya and successful clashes at Sollum in Egypt.

White Britain said that in Iraq quiet prevailed at Habbaniyah airport and Basra, Baghdad said that hostile Bedouins surrounded the British-held Suez airport. The Iraqi also said 11 British planes were shot down in an RAF raid on the Raschid airdrome near Baghdad.

Silent on Sailors
Berlin dismissed American speeches favoring convoys as a "speech mania." As for the seizure of 175 German sailors in the United States, a Nazi government spokesman said: "We will act when the time is ripe."

And in the United States the question of increasing aid to Britain was on almost every tongue.

Wendell Willkie denounced the "doctrine of defeat and despair." He demanded "less talk and more action" to make sure that American war supplies reach Britain.

"The struggle is already on us," Willkie said, and "we cannot shut our eyes to it."

Many congressional leaders in Washington predicted President Roosevelt will announce within another two weeks that American warships will "convoy" British merchant ships across the Atlantic and guard the "bridge of ships" to Britain.

To fight this move, the non-intervention bloc in the senate planned to attach an anti-convoys resolution and other restrictions to legislation authorizing the President to requisition idle foreign ships in U. S. ports. But administration senators were confident they had enough votes to squelch attempts to tie the President's hands.

Simultaneously the Office of Production Management granted the War and Navy Departments first call on virtually every product (Continued on Page Nine)

FARM YOUTH LOSES HIS APPEAL IN DRAFT CASE

Pickaway County's Selective Service board was upheld in its eighth appeal case Thursday, the appeal board maintaining the local board's decision was correct.

The appeal concerned a farm youth whom the local board placed in Class 1-A maintaining that his argument that he was needed to work on the farm was not justified, since the board already had placed his brother in Class 3-A. The board held that the father, who is unable to work because of ill health, could manage the farm and this brother could work on it.

BUCYRUS, May 8—The badly decomposed bodies of two babies, believed to be twins, were discovered in a large cardboard carton on a farm southwest of Gallon today, according to Sheriff Albert French.

Coroner O. R. Kackley, of Crawford County, who began an immediate investigation, said the bodies were wrapped in Cleveland and Marion newspapers.

CHIEF OF STATE WOMEN'S PRISON TALKS AT ROTARY

Rebuilding a self-confidence by teaching women what society has not taught them is the purpose of the Ohio Reformatory for Women at Marysville, Miss Marguerite Reiley, superintendent of the reformatory, told Rotarians at their luncheon meeting in the American hotel Hurricane Thursday noon.

Miss Reiley, a Cleveland attorney who became superintendent of Ohio's major penal institution for women five and a half years ago, pointed out that through a program of vocational training the institution was able to place many women in private employment when they left.

When the women are brought into the institution, whether it be for first degree murder or some less serious offense, all are treated alike, Miss Reiley said. Girls are placed in the scrub rooms and sewing rooms. They are taught to cook, to do house work and to get along with one another.

About 50 percent of the girls at the institution come there for crimes against the person, according to the speaker. "Women are not naturally criminal," Mrs. Reiley remarked, "and few women criminals are smart."

THACHER IN LINE FOR HOME GUARD POST IN STATE

E. S. (Ned) Thacher of Columbus, former resident of Fox Post-office, was being mentioned Thursday as the possible head of the new Ohio Home Guard. Appointment of the Home Guard commander will be made by Governor Bricker after he selects his new adjutant general, expected to be Colonel Whittier S. Bird, who is now at Camp Shelby, Miss.

Thacher, a former high officer of the 134th Field Artillery, has been out of the National Guard for the last five years.

BODIES OF TWO INFANTS FOUND ON GALION FARM

BUCYRUS, May 8—The badly decomposed bodies of two babies, believed to be twins, were discovered in a large cardboard carton on a farm southwest of Gallon today, according to Sheriff Albert French.

CLAYPOOL VOTES FOR PASSAGE OF SHIP TRANSFER

WASHINGTON, May 8—Ten Ohio Democratic congressmen voted for legislation to authorize President Roosevelt to take over idle foreign-flag ships while 12 Republicans and two Democrats voted against the measure.

Democrats voting for the measure were Claypool, Crosser, Davis, Harter, Holbrook, Imhoff, Kirwan, Seccrest, Tom and Young.

Republicans against were Hunter and Sweeney.

Republicans voting no on the bill were Baumhart, Bender, Bolton, Brown, Clevenger, Elston, Hess, Jenkins, Jones, McGregor, Smith and Vorys.

Big Scout-O-Rama Saturday At 8

Based on the theme "The Defense We Cannot Buy", the twentieth annual Scout-O-Rama of the Central Ohio Area Council, Boy Scouts of America, will be held Saturday, May 10, at the State Fairgrounds Coliseum, Columbus, with local boys included in the more than 5000 Cubs, Scouts and Senior Scouts who will participate. There will be one performance only, beginning at 8 p. m. preceded by a half-hour band concert by the Franklin Post American Legion Band, under the direction of Alphonse Cincione.

Scouts who are engaged in the year-round program of Scouting in their respective troops in more than 185 churches, schools and neighborhood meeting places throughout central Ohio will demonstrate Scouting activities and methods in 100 minutes of fast-moving action. In his traditional role of "ringmaster", Reg. F. Heber, veteran showman who has directed the show for the past six years, is again program chairman. Assisting him is a capable staff of Scouters serving as act chairmen, all of whom serve without pay.

Final dress rehearsals of some of the various acts will be held the week before the show, but the complete production is never rehearsed in its entirety. At regular weekly troop meetings in recent weeks, Scouts and their leaders have been preparing for

CLOSING EVENTS AT WASHINGTON SCHOOL LISTED

The schedule of closing events of school at Washington Township is announced by John A. Florence, superintendent.

The Senior class play, "Hillbilly Courtship", will be presented Friday, May 16, at 8 o'clock.

Baccalaureate services will be held Sunday, May 18, with the Rev. George Troutman as the speaker. Music will be furnished by the high school Glee Club, and the violin trio.

Commencement will be held Tuesday, May 20, with Dr. Walter Collins as the speaker. Music will be furnished by a quintette from Capital University. Margaret Goode is the valedictorian, and Paul Matz is the salutatorian of the class. There are eleven members of the graduating class.

Final examinations will be given Monday and Tuesday, May 19 and 20. Wednesday, May 21, is teachers' day. The students will not be present on that day. Thursday morning the eighth grade will present a one act play, "Elmer", in the school auditorium. This will be followed by the eighth grade commencement. Mr. McDowell will be the speaker. A basket dinner will follow the program. A base-ball game is being planned for the afternoon with the alumni furnishing the opposition for the high school team.

The final event of the school year, the alumni banquet, will be held Saturday night, May 24.

FARM LEADERS URGED TO FEED GRAIN SURPLUS

Farmers, AAA officials and farm women from eight counties were urged to comply with the government's farm program by feeding a larger portion of their grain instead of selling it, when they met in Betz Restaurant Wednesday for a regular district meeting.

The government's plan, state AAA officials explained, is to change the nation's surplus grain into eggs, pork, beef and dairy products.

Present at the meeting were Elmer Kruse, chairman of the state AAA committee; Guy Dowdy, member of the state committee; Harry Donohoe, state field representative for the district; Mrs. Beryl White, member of the state home conservation committee, and John Cummins, state AAA representative.

Members of the county AAA committee will go to Lancaster on May 21 to attend a district meeting. Marketing quotas on wheat will be the chief topic of discussion, and with the marketing quotas vote to be held the last of May, officials are expected to form definite plans for balloting.

The voting is expected to take place at the township voting precincts.

Counties represented at the district meeting Wednesday were Ross, Fairfield, Pickaway, Fayette, Franklin, Madison, Clinton and Licking.

MARBLES EVENT SCHEDULED FOR NEXT SATURDAY

Next Saturday is the date for the annual Marbles Tournament, sponsored by Frank A. Lynch of the Circleville Coca Cola Bottling Works, and conducted by the WPA Recreation Centers of the county.

Boys and girls will compete at the Ted Lewis Recreation Center in Circleville's northend. All wishing to participate should register at the various Recreation Centers in Circleville, Ashville and Williamsport.

A cash award of \$5 will be presented to the winner, plus a trip to Columbus to participate in the district tournament. The winner of the district event will be sent to Atlantic City.

Other prizes will include cartons of Coca Cola.

who will be with them on the arena floor. Four Cub Packs will build den shacks, representative of the interests of boys in this age group.

Senior Scouts who have qualified, or are training to qualify in the Emergency Service Corps, will compete in an unusual obstacle race, based on the skills developed in this new phase of the Scouting program. One contestant will be dressed in pajamas and lying in bed at the start of the race. He will dress quickly, and untie his teammates who will be found. All the contestants will then proceed to surmount various obstacles including climbing a rope. The event will conclude with a lifeline rescue by each team.

Other special features seen in this year's Scout show for the first time will include a disaster scene, depicting how Scouts can be of service in an emergency, and an Indian Act in which 100 selected older Scouts will present two colorful and authentic Indian ceremonies. In the disaster scene a modern catastrophe will be enacted and Eoy Scouts will render first aid and rescue service. The Indian dance will be under the supervision of Ralph Hubbard, noted Indian authority, who is the son of the late Elbert Hubbard.

Significance Proved With the importance of youth work in general, and Scouting in particular, receiving more emphasis than ever before, the significance of the local Scout show is enhanced beyond that of previous years. Every participant is taking part because he wants to do so, and it is quite probable that this is the only country, of all the world's nations, in which such a show can be seen today.

GORDON WARNS OF VITAL NEED FOR ECONOMIES

Slashes Must Be Made In Circleville With Funds At Low Mark

FACTS GIVEN TO COUNCIL

Street Light, Fire Hydrant Bills Overdue; Sanitary Sewer Work Approved

A warning that official Circleville must slash expenses to the bone during the remainder of 1941 was sounded in council meeting Wednesday evening by Ben H. Gordon, chairman of the finance committee, after he read the report of Miss Lillian Young, city auditor, covering present balances, indebtedness and anticipated income.

"This time," Gordon said, "we must not only talk about economy, but we must act on it. We are certain to go into the red."

The auditor's report set up a May 10 balance of \$2,769.97, if all outstanding bills are paid. This amount would have to pay all salaries and other operating expenses until around October 1 when the next tax distribution is made. Other revenues coming in during the summer will include an anticipated \$3,000 from tangible and classified tax, \$3,000 from liquor taxes, about \$200 a month from sales tax and about \$400 a month from fines, costs and bonds from the mayor's court, according to the auditor's estimates.

Balances as of Wednesday were: General, \$7,586.22; library, \$623.71; sewage disposal, \$7,691.77; auto street repair, \$4,274.40; gasoline tax, \$1,724.07; Berger Hospital, \$799.28, making a total of \$22,699.45. The tax distribution May 1 had included \$7,349.98 from general tax, \$899.44 from inheritance tax and \$8.37 from depository interest. A balance on May 1 of \$1,294.93 left a general fund total of \$9,542.72.

According to Miss Young's figures, expenditures from May 1 to May 7 amounted to \$1,956.50, leaving a balance of \$7,586.22.

Utility Accounts Overdue
Gordon told council that the city owes a bill of \$959.45 to the Columbus and Southern Ohio Electric Co. for street lights and \$3,440 to the Ohio Water Service Co. for fire hydrant rental. If these two accounts are settled the treasury will show a balance of \$3,188.77.

Light and telephone bills due May 10 total \$416.80, the city's fund on that date amounting to \$2,769.97, if all the above bills are paid.

Council voted two ordinances, both appropriating money, at Wednesday's meeting. A \$25 appropriation was set aside for incidental expense for the solicitor's office and \$2,000 was transferred from the auto street repair fund for the service director to extend the sanitary sewage system on several streets, among them being Atwater Avenue and Canal Street.

Mayor W. B. Cady informed council that he had collected \$244.70 during April, \$220 being in bonds, \$15 in fines, \$1 in licenses and \$8.70 in fees.

The hospital receipts during the month were \$1,609.84. Safety Director Karl Herrmann informed the city officials.

FUMBLING FOR THE PAY CHECK

This column strongly supports President Roosevelt and Secretary Morgenthau in asking for three and a half billions in new taxes. Probably the bill should be more. We gain little by cutting off our tail an inch at a time. For it is plain that if we finance two or five years of world-wide war, taxes must go up to British levels. One-half for war, one-half for you.

Unanimously we want adequate national defense. And the majority want Lease-Lend and seven billions for Britain. Right or wrong, the voice of the people has spoken. There must be no obstruction, tax or otherwise, to the nation's will.

We admire sacrifices abroad. Can we take it at home? Are we willing to give one-quarter in income in direct and indirect taxes to the Federal Government — in addition to state and local taxes?

It may be more but not less. We shall pay both in taxes and by buying government promises to be paid from future taxes. Taxes in either case, now or deferred. I prefer to take my medicine now. I am younger than I will be later. I prefer to mortgage my old age as little as possible.

One-quarter of all income! Figure it out. In a normal year 40 million men work 2,000 hours. That is 80 billion man hours. To make tanks, planes, guns, shoes and ships and to raise food will require 20 billion man hours these next twelve months.

That means that we must either produce one-quarter more or get along with one-quarter less. We can't finance either national defense or universal war and maintain 40-hour weeks. The war has already liquidated the New Deal fallacy that our problem was simply to divide what we had. The problem is more production. The solution is more work. The price is more taxes.

Outside the lowest level of income, let everybody pay — universal sacrifice. As we pass the hat, I suggest that the millionaire refugees who have sought asylum in our ritziest hotels should drop their diamonds in the collection. That would be a good beginning. Next, the Fighters for Freedom ought not to fumble for the pay check. And then the Committee to Keep Us Out of War by Getting Us Into War. Then all bureaucrats.

In 1933 I voted to cut Congressional salaries 15 percent. We were told we were "marching to bankruptcy" when we owed only 21 billions and had a Federal tax bill of 3 billions as against three times that now. Today we owe 50 billions. Mr. Jesse Jones, Secretary of Commerce says it will be 90 billions. And taxes are already so high scores of small

GORDON WARNS OF VITAL NEED FOR ECONOMIES

Slashes Must Be Made In Circleville With Funds At Low Mark

FACTS GIVEN TO COUNCIL

Street Light, Fire Hydrant Bills Overdue; Sanitary Sewer Work Approved

A warning that official Circleville must slash expenses to the bone during the remainder of 1941 was sounded in council meeting Wednesday evening by Ben H. Gordon, chairman of the finance committee, after he read the report of Miss Lillian Young, city auditor, covering present balances, indebtedness and anticipated income.

"This time," Gordon said, "we must not only talk about economy, but we must act on it. We are certain to go into the red."

The auditor's report set up a May 10 balance of \$2,769.97, if all outstanding bills are paid. This amount would have to pay all salaries and other operating expenses until around October 1 when the next tax distribution is made. Other revenues coming in during the summer will include an anticipated \$3,000 from tangible and classified tax, \$3,000 from liquor taxes, about \$200 a month from sales tax and about \$400 a month from fines, costs and bonds from the mayor's court, according to the auditor's estimates.

Balances as of Wednesday were: General, \$7,586.22; library, \$623.71; sewage disposal, \$7,691.77; auto street repair, \$4,274.40; gasoline tax, \$1,724.07; Berger Hospital, \$799.28, making a total of \$22,699.45. The tax distribution May 1 had included \$7,349.98 from general tax, \$899.44 from inheritance tax and \$8.37 from depository interest. A balance on May 1 of \$1,294.93 left a general fund total of \$9,542.72.

According to Miss Young's figures, expenditures from May 1 to May 7 amounted to \$1,956.50, leaving a balance of \$7,586.22.

Utility Accounts Overdue

Gordon told council that the city owes a bill of \$959.45 to the Columbus and Southern Ohio Electric Co. for street lights and \$3,440 to the Ohio Water Service Co. for fire hydrant rental. If these two accounts are settled the treasury will show a balance of \$3,186.77.

Light and telephone bills due May 10 total \$416.80, the city's fund on that date amounting to \$2,769.97, if all the above bills are paid.

Council voted two ordinances, both appropriating money, at Wednesday's meeting. A \$25 appropriation was set aside for incidental expense for the solicitor's office and \$2,000 was transferred from the auto street repair fund for the service director to extend the sanitary sewage system on several streets, among them being Atwater Avenue and Canal Street.

Mayor W. B. Cady informed council that he had collected \$244.70 during April, \$220 being in bonds, \$15 in fines, \$1 in licenses and \$8.70 in fees.

The hospital receipts during the month were \$1,609.84. Safety Director Karl Hermann informed the city officials.

FUMBLING FOR THE PAY CHECK

This column strongly supports President Roosevelt and Secretary Morgenthau in asking for three and a half billions in new taxes. Probably the bill should be more. We gain little by cutting off our tail an inch at a time. For it is plain that if we finance two or five years of world-wide war, taxes must go up to British levels. One-half for war, one-half for you.

Unanimously we want adequate national defense. And the majority want Lease-Lend and seven billions for Britain. Right or wrong, the voice of the people has spoken. There must be no obstruction, tax or otherwise, to the nation's will.

We admire sacrifices abroad. Can we take it at home? Are we willing to give one-quarter in income in direct and indirect taxes to the Federal Government — in addition to state and local taxes?

It may be more but not less. We shall pay both in taxes and by buying government promises to be paid from future taxes. Taxes in either case, now or deferred. I prefer to take my medicine now. I am younger than I will be later. I prefer to mortgage my old age as little as possible.

One-quarter of all income! Figure it out. In a normal year 40 million men work 2,000 hours. That is 80 billion man hours. To make tanks, planes, guns, shoes and ships and to raise food will require 20 billion man hours these next twelve months.

That means that we must either produce one-quarter more or get along with one-quarter less. We can't finance either national defense or universal war and maintain 40-hour weeks. The war has already liquidated the New Deal fallacy that our problem was simply to divide what we had. The problem is more production. The solution is more work. The price is more taxes.

Outside the lowest level of income, let everybody pay — universal sacrifice. As we pass the hat, I suggest that the millionaire refugees who have sought asylum in our ritzy hotels should drop their diamonds in the collection. That would be a good beginning. Next, the Fighters for Freedom ought not to fumble for the pay check. And then the Committee to Keep Us Out of War by Getting Us Into War. Then all bureaucrats.

In 1933 I voted to cut Congressional salaries 15 percent. We were told we were "marching to bankruptcy" when we owed only 21 billions and had a Federal tax bill of 3 billions as against three times that now. Today we owe 50 billions. Mr. Jesse Jones, Secretary of Commerce says it will be 90 billions. And taxes are already so high scores of small

LIFE RENEWED

IT is good to get out into the country in these spring days. And not merely in a speeding car with the windows open and spring odors blowing through. The sight and smell of the green earth and plowed fields come to the speeding motorist, of course, but for full appreciation he should park his car and wander back into the fields and woods. Especially the woods.

There is something about the trees and grass and flowers, the screen of new leaves, the birds building their nests and the scurrying of little, free animals about their spring work, that sweeps away any tendency to world-weariness. People all too conscious of human troubles can get from their little wild friends some hints about true freedom, contentment and the use of life.

Maybe it's all one life, anyway. Why ignore half of it?

FARM THEFT

THE thief who broke into the farmhouse of Lou Sigworth near Dubuque, Ia., may have been too gay about it. After his depredations in departing, he left this note fastened to the wheel of Mr. Sigworth's car:

"I liked your wine and I liked the jars of meat I stole from your cellar. I also stole your chickens. You'll never find out who I am. Ha, ha!"

If that wronged farmer is the man we think he is, he will pursue the insulting villain and run him down even if he has to call into his services the FBI at Washington. There was probably evidence enough left, in fingerprints and otherwise, to justify a persevering search.

The prompt catching and punishing of one such malefactor might save millions of dollars to farmers in general this year. Something must be done, if possible, to stop the looting of farms and farmhouses by this new type of city slickers.

Three kinds of people. Those who don't know what's going on in the world, those who don't care what's going on, and those who try to do something about it.

Times change, and we change with them, as the old song says, and we don't know whether it's for better or worse.

Don't be impatient with honest friends; there are people who haven't figured out yet what the last war was about.

WORLD AT A GLANCE

—By— Charles P. Stewart

ITALY is about as much conquered by Germany as France is, according to confidential reports Washington receives from the Fascist realm. Maybe more so, some accounts say. That is, Marshal Petain still balks at doing some of the things that Fuehrer Hitler wants him to do, and gets away with it—at least he has thus far. Duce Mussolini, it appears, is 100 percent bossed from Berlin.

Italy, to be sure, isn't occupied by German troops, as a large part of France is. Italy is said to be occupied, however, by Adolf's Gestapo. This secret police aggression, under Herr Himmler's direction, isn't as obvious as uniformed troops are, in Paris and thereabouts, but apparently it's just as effective and perhaps its sniping (mixed with an occasional rumored quiet assassination) is even more aggravating than above-board domination by a frankly military outfit.

Pretty authoritative dope is to the effect that Italians generally fully realize what the real situation is and don't like it a bit. Indeed, reliable-looking reports indicate that they're ripe for an anti-German revolt. If they thought it would do 'em any good, as the vainglorious Poles undoubtedly are, or the Scandinavians or the Low Countries or, probably, the French.

How Benito feels can only be guessed at. The guessing, though, is that he's as sore as anybody else. But what can he do?

MUSSOLINI A PUPPET?

Daily Washington Merry-Go-Round

BY DREW PEARSON AND ROBERT S. ALLEN

FDR FAVORING CONVOYS

WASHINGTON—White House advisers who have talked with the President about the war over a period of months find that he has followed a fairly consistent course regarding convoys.

Shortly after the election, when the Duke of Windsor visited the President on his yacht near the Bahamas, Roosevelt was definitely against convoys.

And even last month, when every member of the Cabinet favored using the U. S. Navy to protect British merchant ships, the President still was against it. His Cabinet and congressional leaders wanted him to move under his power as Commander-in-Chief, but Roosevelt opposed.

The thing that seems to stick in the President's mind is the manner in which his old chief, Woodrow Wilson, was criticized for dragging the country into war after his re-election. Roosevelt has dreaded incurring the same stigma. But meanwhile two things have happened which appear likely to catapult the President into action whether he likes it or not.

ONE is the disastrous predicament of the British. TWO is realization that the system of patrolling the North Atlantic is going to be more difficult than originally supposed.

There are only about 40 U. S. warships available for patrol work, allowing for those which must put into port for periodic refueling and overhauling. This means that to patrol an area 2,000 miles long and about 45 miles wide (90,000 square miles) each vessel must patrol about 2,200 square miles.

This can be done very easily by airplanes, but not by surface ships. So far, however, the Navy has only enough airplane carriers to station perhaps one carrier in the North Atlantic.

HITLER WON'T WAIT

In time, and with the availability of more airplane carriers, this type of patrolling can be most effective. But time is of the essence. And the fate of Britain will not wait.

In fact, confidential reports which the President has received from U. S. observers abroad give an increasingly gloomy picture—unless the United States goes a lot further than the lend-lease bill. There are even some observers who urge an outright declaration of war in order to bolster British morale.

Such a declaration, they emphasize, would reverberate also upon the morale of the German people, who remember all too well what happened in the last war after the United States entered. The President does not go as far as these advisers, but he has been swinging around, at last, to outright and open convoys.

He continues to believe, more decidedly than ever, that the United States must preserve the British Fleet as the first line of American defense—if it does not want to

(Continued on Page Five)

GESTAPO CONTROL

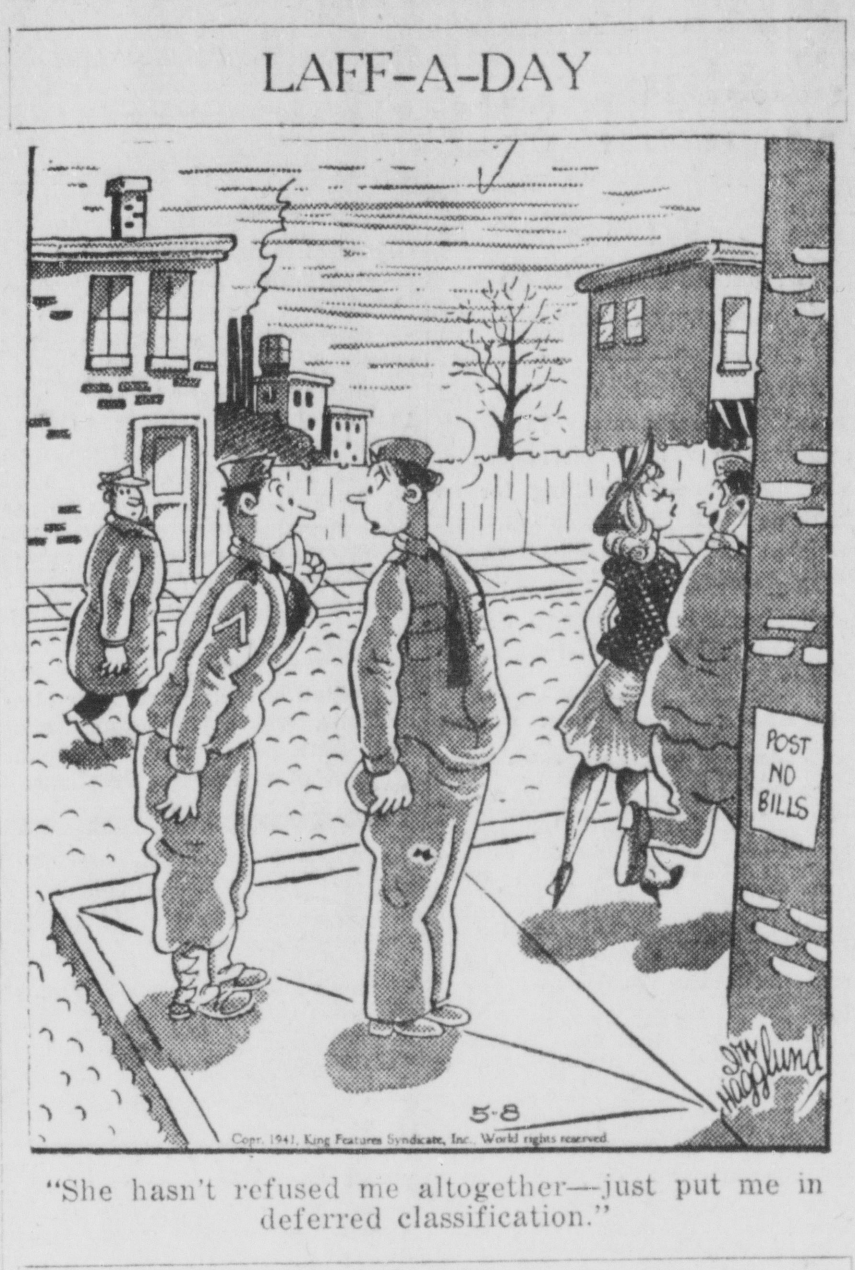

Under existing circumstances, the Gestapo can hold the Italians in line, at least nominally. It doesn't take a lot of German troops to do it. German secret police are sufficient for the task. And secret police don't have to be as numerous as troops have got to be, to keep discontent suppressed.

But Italy isn't consciously conquered. Definitely conquered peoples are different. They don't like to STAY conquered. Gestapo agents can sneak around among 'em and find out what they're planning, quite likely, but they're not numerous enough to stop anything if it actually starts. That calls for soldiers, and plenty of 'em.

Well, Poland, Norway, Holland and Belgium are in that category. So, to all intents and purposes, France. Ditto Denmark. Yugoslavia, and probably Greece, are in process of being included. The rest of the Balkans and Austria are intimidated merely. All these areas have to be militarily occupied—not occupied by a few secret agents alone. Russia and Turkey are scared. Italy may turn anti-Hitler (anti-Mussolini, incidentally), any old time. France naturally is simmering, too.

The conclusion is that keeping all this territory under his thumb is due to spread Adolf's soldiery out remarkably thin.

The forecast is that, sooner or later, they'll gang up altogether and he'll find it—heck of a stunt to squelch 'em all at once.

Fever From Grass Pollens

By LOGAN CLENDENING, M. D.
"Rose fever" it used to be called, and afterwards "spring hay fever," but it is not due to roses, and it is not due to hay, and it is not a fever, and does not necessarily occur exactly in the spring.

"Vernal catarrh" is probably a better name for it, or as good a name as any. At any rate, we know that the time is nearing, if it has not already occurred, when people who are sensitive to the pollens of certain plants begin to have the spring or early summer type of hay fever. In a few people it may be even earlier than this, when the pollen is in flower and pollinates the eye, the nose, the throat, the bronchi and the lungs.

Dr. Clending is now answering questions of general interest only, and then only through his column.

It has not already occurred, when people who are sensitive to the pollens of certain plants begin to have the spring or early summer type of hay fever. In a few people it may be even earlier than this, when the pollen is in flower and pollinates the eye, the nose, the throat, the bronchi and the lungs.

Pollens from Grasses
Of course, the real offenders are the grasses. This was discovered long ago by an Englishman named John Bostock, who described his own case of "vernal catarrh." He found he had a cold every spring and finally decided that it was coincident with the blooming of the grasses. He published these observations in a scientific journal and, although he was an eminent medical man and a distinguished physiologist, his views were greeted with scepticism, not to say derision, by the medical world in general.

But time has justified John Bostock and we know now that these periodical catarrhs are, in truth, due to the pollens from the grasses which are blown out on the early summer air. Since the symptoms occur at about the same time as

of Trinity Lutheran Church, each guest being presented a rose bud as she entered the room.

CHAPTER THIRTY-FOUR

NATALIE SAW that there was a mist of tears in Mrs. Edmonds' eyes as she told her story, and that her soft, almost childish chin quivered a little.

"So the lovely Estelle heaved a monkey-wrench, eh?" said Natalie, purposely caustic, in the hope of pulling Mrs. Edmonds back from unhappy memories.

Mrs. Edmonds looked a trifle disconcerted, so that Natalie knew her remark had served its purpose. Mrs. Edmonds stiffened a little, as though she resented Natalie's levity, and said a trifle coldly, "She and Willie were married the week after his graduation."

"What rotten luck for you!" Natalie said gently.

Betsy made a sympathetic murmur and Mrs. Edmonds relaxed a little, once more conscious of their sympathy.

"It wasn't at all a happy marriage," she confided. "Estelle was dazlingly beautiful, and she'd been brought up in luxury. But she had a wicked temper. She used to fly into terrible rages at the slightest excuse. I'm afraid she made things pretty uncomfortable for poor Willie. She used to act up quite a bit around the army posts where Willie was stationed. Then when their baby was born—it was still-born, you see, and the doctor said it was because of an accident she'd had when she insisted on going riding after she'd been warned not to—well, she very nearly died. And when she came out of the hospital—"

She was still, shuddering a little. Natalie put out a swift, comforting hand and laid it on hers, saying gently, "Don't tell us if you'd rather not."

"But I'd like you to know. I mean—well, it must seem pretty silly to you, two people our age honeymooning like—like two children—"

"A week or two after Estelle came home from the hospital," she went on after a moment, "he woke up one night to see a shadowy figure standing over him. He switched on the light, and it was Estelle in her nightgown, standing over him with a butcher knife in her hand—"

"Good heavens!" gasped Natalie in horror.

Mrs. Edmonds nodded. "She was quite mad, you see," she went on in that patient, gentle voice. "And of course everybody understood then a lot of things that had puzzled them—queer things she had done and said. She was violent and quite dangerous, and she had to be sent away to an institution. That was 16 years ago. She passed away a year ago."

Natalie sat up and stared at Mrs. Edmonds.

"And you've been waiting patiently—I mean, you were still in love with your precious Willie, and

waiting—" she began.

"I never loved anyone but Willie," answered Mrs. Edmonds quietly. "So I just went on living in the old house my father had left me and working in Judge Hargrove's office as his secretary, and making what I could out of my life. When Willie came to me and told me that he was free and that he'd never stopped loving me, even though he HAD lost his head that June week and for a little while believed it was Estelle—well, it didn't seem sensible for us not to have what happiness we could after all the years of waiting."

"You poor lamb!" said Natalie huskily.

"I'm afraid I'm not a very good wife," said Mrs. Edmonds in a little burst of honesty. "Living alone for so long, with no one to think about but myself, and—well, not having to consider anybody else's wishes, it's made me selfish and opinionated, and not very adaptable. I'm afraid."

"Nonsense!" said Betsy because now she could steady her voice enough to speak strongly. "He adores you and you're mad about him, and when two people are crazy about each other, that's all that matters. You're the kind of wife he wants and that's all you should care about."

Natalie stared at Betsy and Betsy felt her color mounting. A little later, when Mrs. Edmonds had gone away, Natalie, staring out at the ocean, said half under her breath, "So THAT'S this thing called love! Waiting all these years—and they say romance is dead."

"Oh, no, it isn't," said Betsy sturdily. "Romance isn't dead. Of course I admit it may not be doing so well just at present—but anyway, it's not dead."

She sat up on an elbow and stared at Natalie with sudden severity.

"Such talk!" she scoffed. "And from a bride on her honeymoon! What do you mean 'romance is dead'?"

Natalie turned over so that her face was half hidden in the crook of a browned arm, and she said huskily, "Oh—Brooks and I don't believe in love!"

Betsy's eyes widened. "Believe in it? Good grief, woman, you don't HAVE to believe in it—any more than you believe that air and sunshine exist. It's just—just—well, something that's THERE. You go along all peaceful and dull and it's just an ordinary day and an ordinary sun and people who are dull—and then all of a sudden, bang! You run smack into a certain person and the sky gets bluer and the sun gets brighter and it's the most glorious world—"

She broke off, feeling Natalie's startled eyes on her face.

"Is that the way it is with you and Tom?" Natalie asked steadily.

Betsy felt as though she had taken a step in the dark and fallen

subject. To show you are pleased with a person and enjoy their company, is a sure way to make them like you.

Today's Horoscope
Provided that today's birthday children will avoid disagreements, and exercise caution in speech and writings during the next year, it will be a happy one for them. They should, however, guard against theft and nervous exhaustion. Born on this date, a child will be refined, fond of the arts and learning, but also be somewhat sharp-tongued and sarcastic when aroused. Some trouble in love or domestic affairs is probable.

COUNCIL SETS SEWAGE RATES FOR INDUSTRY

Conferees Report Compromise Agreement For Fees To Be Paid By Factories

ENGINEER'S STUDY ASKED

Income Of Plant Estimated At \$14,456 Under New Schedule

Concluding a long controversy with industry concerning fair rates to be charged for treatment of sewage wastes in the Circleville disposal plant, city council Wednesday evening suspended its rules and passed an ordinance setting up a schedule agreed on by conferees representing council and the various industrial concerns.

The schedule was announced as a compromise, and council was asked to take steps to have an engineer named to make a survey of the industries in regard to permanent rates for sewage treatment. After suggestion by Councilman Frank Lynch, President John G. Goeller appointed the service committee and Service Director Leonard Morgan to represent the city and asked that industry name two men to help choose an engineer, whose expenses would be paid from the disposal plant funds.

It will be effective from May 1 to December 31, 1941. The schedule includes:

Container Corporation, \$275 a month plus cost of chemicals necessary to treat wastes during each preceding month. The annual cost for the Corporation is estimated at \$3,300.

Canning factories: Ten cents for each 100 cases of No. 2 cans based on the number of cases of canned goods canned during each quarter year, payable once each

quarter, all wastes to be screened to the satisfaction of the service director. Estimated cost to each is \$250 a year.

Dairies: One cent for each 1,000 pounds of raw milk or cream intake, payable each quarter, a \$12 minimum charge being made annually for each plant.

O'Brien-Potts: \$12 minimum charge payable each quarter. With employee rates figured into the totals the conferees estimate that receipts from industry each year will amount to \$3,978.90, plus a \$10,477.60 residential rental, making disposal plant income \$14,456.50 annually. With \$11,980 budgeted for its annual operation and excess of \$2,476.50 is estimated.

Conferees who agreed to the schedule and asked council to pass the ordinance immediately included Councilmen George Crites, chairman; Councilmen Ben H. Gordon; Floyd Browne, engineer representing council; B. F. Hatch, engineer representing the industries; and Norbert L. Cochran, plant manager of the Container Corporation of America.

The report of the conferees included a request that the engineer selected to make an industrial survey also consider the operation of the plant from the cost standpoint.

CLINIC SURGEON QUALIFIES FOR BRITISH SERVICE

WASHINGTON, May 8.—Dr. Howard R. Ives, 30-year-old Mayo Clinic surgeon, today was revealed by the American Red Cross as the first U. S. doctor to qualify for overseas medical duty with Great Britain.

Red Cross officials said Dr. Ives would sail for Britain within the next two weeks with the first contingent of American doctors answering the appeal of the British Red Cross for 1,000 doctors. On his arrival in England he will be given a choice of serving either with the Royal Army Medical Corps or the civilian units of the Emergency Medical Service.

"IRON PANTS" JOHNSON

Chalk up another bonehead play to Major General "Pa" Watson, most intimate White House secretary, for refusing to renew General "Iron Pants" Johnson's reserve commission in the Army. The move struck a sour note in the country.

"Iron Pants" is mercurial, critical, frequently full of unadulterated baloney. But as a soldier he is loyal, and once called into the service would have been more loyal than certain officers in the Army today who don't seem to care how much they criticize their commander-in-chief under their breath. What General Johnson says, at least he says in black and white.

Major General Watson, who apparently took the initiative in firing Johnson, once was bawled out by the ex-NRA chief and told that he should not have rated higher than a corporal.

Note—If General Johnson had been called into the Regular Army he would have had to forego an annual salary of around \$50,000 from his newspaper column, which he said he was willing to do.

AUSTRALIAN PRIME MINISTER

Roosevelt probably can get more inside information from Australian Prime Minister Menzies, just arrived in Washington, than from any of his own observers who have gone overseas.

Menzies left Australia more than two months ago, flew to Egypt, spent some time in Libya, a week with Australian troops in the eastern Mediterranean, flew to England, and during the past six weeks has been in daily touch with Churchill and the war cabinet. He has a complete picture of the

shipping losses, the effect of air raids, the chance of British survival in the Mediterranean, and an estimate of British chances for the future. Furthermore, he is likely to do more plain speaking to the American people than an Englishman would.

Only 46 years old, Menzies has a reputation for forthright speaking and a sharp wit. After the last election in Australia, Menzies was approached by a representative of the opposition press, who said: "In selecting your cabinet, I suppose you will go down to Melbourne to consult the powerful interests which control you."

With a flash, Menzies retorted: "Yes, of course I shall. But please keep my wife's name out of public discussion."

AFRICAN OUTPOST

It hasn't been announced, but a direct radio circuit has been established by the U. S. Government between New York and Brazzaville, French Equatorial Africa, an area occupied by General Charles de Gaulle's Free French forces.

Brazzaville is south of Dakar, nearest African point to South America and of great strategic importance. Dakar is held by the Vichy government, but it has long been suspected that the Nazis have a secret air base there. Purpose of the new Brazzaville-New York radio tie-up is to enable this government to keep a closer check on military moves in West Africa.

Another significant change in radio communications occurred in Iceland, which the British occupied after the Nazis grabbed Norway. To prevent German agents from sending coded messages, the British took over all radio transmitters.

MERRY-GO-ROUND

Strange claim in the annual report of the Carnegie Endowment for International Peace: "In the period during which the Endowment has been active, from the close of the World War to the present time, there has been a more sustained and encouraging development in the processes of international organization for the maintenance of peace and prevention of war than in any other period of history."

Among those who testified at the House hearings on the Burdick anti-visitation bill was an expert of the U. S. Public Health Service. Asked his name, he replied, "Dr. M. L. Smith." Inquired the stenographer innocently: "How do you spell it?"

ANY F. D. MOVE TO BE BACKED BY U. S. LEGION

PHILADELPHIA, May 8.—Any move taken by President Roosevelt and congress to insure delivery of defense materials to Britain—even if it involves the United States in war—had the explicit support of the American Legion today.

"We should do everything necessary to get the goods to England," National Legion Commander Milo J. Warner told a group of newly-naturalized citizens. "We also feel that all necessary steps should be taken to end tie-ups or delays in all defense industries."

Criticizing "lack of leadership" which might hamper the nation's defense effort, Warner again called for the resignation of Secretary of Labor Perkins. "Morale is built," the Legion head declared, "on confidence in constituted authority arising from firm leadership and fearless action."

With a flash, Menzies retorted: "Yes, of course I shall. But please keep my wife's name out of public discussion."

AFRICAN OUTPOST

It hasn't been announced, but a direct radio circuit has been established by the U. S. Government between New York and Brazzaville, French Equatorial Africa, an area occupied by General Charles de Gaulle's Free French forces.

Brazzaville is south of Dakar, nearest African point to South America and of great strategic importance. Dakar is held by the Vichy government, but it has long been suspected that the Nazis have a secret air base there. Purpose of the new Brazzaville-New York radio tie-up is to enable this government to keep a closer check on military moves in West Africa.

Another significant change in radio communications occurred in Iceland, which the British occupied after the Nazis grabbed Norway. To prevent German agents from sending coded messages, the British took over all radio transmits-

ters in Iceland and all outgoing communications are now relayed through London. Previously, Iceland was linked directly with New York.

MERRY-GO-ROUND

Strange claim in the annual report of the Carnegie Endowment for International Peace: "In the period during which the Endowment has been active, from the close of the World War to the present time, there has been a more sustained and encouraging development in the processes of international organization for the maintenance of peace and prevention of war than in any other period of history." Among those who testified at the House hearings on the Burdick anti-vivisection bill was an expert of the U. S. Public Health Service. Asked his name, he replied, "Dr. M. L. Smith." Inquired the stenographer innocently: "How do you spell it?"

ANY F. D. MOVE TO BE BACKED BY U. S. LEGION

PHILADELPHIA, May 8—Any

move taken by President Roosevelt and congress to insure delivery of defense materials to Britain—even if it involves the United States in war—had the explicit support of the American Legion today.

"We should do everything ne-

cessary to get the goods to England." National Legion Commander Milo J. Warner told a group of newly-naturalized citizens. "We also feel that all necessary steps should be taken to end tie-ups or delays in all defense industries."

Criticizing "lack of leadership" which might hamper the nation's defense effort, Warner again called for the resignation of Secretary of Labor Perkins. "Morale is built," the Legion head declared, "on confidence in constituted authority arising from firm leadership and fearless action."

Walnut Street School Principal Is Honored

Teachers Present
Gift To Miss
Ethel Stein

An anniversary party arranged Wednesday by teachers of the Walnut Street School honored Miss Ethel Stein who has been principal of the school for the last 21 years. The affair was arranged as a Mexican dinner party, fiesta colors being combined in the brilliant decorations of the table. Colorful Mexican pottery was used, the unique favors of brightly dressed figures being made of black walnuts.

The dinner was served in the social room of the school under the direction of Mrs. R. P. Reid.

The guests included teachers who have served under Miss Stein, the group presenting her a beautiful gift, and a few additional friends.

Those present were Miss Stein, Miss Merle Reid, Mrs. Robert Bower, Mrs. Claude Kraft, Miss Rebecca Gordon, Miss Ruth Ecard, Miss Geneva Adams, Mrs. Margaret Mills, Mrs. Gene Burton, Miss Florence Hoffman, Mrs. Channing Vierebome, Mrs. Ralph Ward, Miss Frances Metzger, Miss Sophia Parks, Miss Eloise Hilyard, Mrs. Gilbert Edgington, Mrs. Doyle Haas, Mrs. George Groom and Mrs. W. Columbus

Mr. and Mrs. James Dancy, Mr. and Mrs. Edward H. Blum, Mr. and Mrs. Karl Herrmann, Mrs. W. F. Weller, the Misses Lucille Kirkwood, Catherine Turner and Marcellette Kerr are among those from Circleville planning to attend the spring piano recital of pupils of Miss Anna Merz. Miss Merz will present the group Friday at 8 p. m. at the Trinity Lutheran Church, Fulton and Third Streets, Columbus.

Five Circleville pupils will be among the 18 heard in the recital. Joanne Dancy will play "The Cello," Wagner, and "In An Alpine Hut," by Auld, for the first program number. Mary Carolyn Weller's two solos will be "Down a Woodland Path," by Uren, and "The Rabbit Rumps Away," by Williams. The three closing numbers will be by Circleville pupils, Carolyn Herrmann playing "From an Indian Lodge," by MacDowell, "Con-solations No. 6," by Liszt, and "The Hidden Waterfall," by Chennoweth; Dorothy Jenkins, Three Preludes—C Minor, A Flat Major, and G Minor, by Chopin; Ruth Esther Blum, "Valse Caprice," Grieg, "Nocturne," Chopin, "The Fauns," Chaminade, and "Prelude in G Minor," Rachmaninoff.

Ninetieth Anniversary

Mrs. Ella Lamasters of 144 East Franklin Street quietly observed her ninetieth birthday anniversary Wednesday at her home, the day being marked by cards of congratulation, flowers, gifts of money and a large birthday cake from her friends.

Mrs. Lamasters, who lives with her daughter, Miss Carrie Lamasters, at the East Franklin Street address, is able to take care of some of the duties of the household although her general health and eyesight are failing.

Mrs. Nannie Beery of East Mound Street, another daughter, and her family are removing Thursday to the Lamasters' home to assist in the care of Mrs. Lamasters.

Scioto Grange

Scioto Grange celebrated its 13th anniversary Wednesday at its meeting in the Commercial Point School auditorium, nine of the 13 charter members being present. These included S. E. Beers, the founder, and Mrs. Beers, Mr. and Mrs. R. R. Walker, Mr. and Mrs. L. M. Harsh, Mr. and Mrs. Paul Beers and Mrs. Mary LeMay. The grange received its charter under the direction of the late Miss Florence Teegardin, who was county deputy at this time.

Dwight Bethards, worthy master, conducted the opening ceremonies, and announced the meeting of Pomona Grange May 17 at Monroe School auditorium with Star Grange as host. The traveling program to be presented by Star Grange at Salt Creek Tuesday, May 13, was announced also.

Mrs. Ben Grace, worthy lecturer, arranged the anniversary program which opened with "Love's Old Sweet Song" by the grangers. Mr. Bethards welcomed the charter members in an interesting talk. Mrs. S. E. Beers offered an excellent history of the grange. Others on the program were Mrs. Carmel Rasor who presented a reading, "When You and I Were Young"; C. M. Beatty, remarks on the grange, and Don Neal, son of Mr. and Mrs. C. V. Neal, who is home from the army on a short furlough. Mr. Neal is the first honorary member of the grange, the organization conferring such

Walnut P-T. A.

Miss Julia Dexter, home economics teacher of Walnut Township School, will present the program Monday when the Parent-Teacher Association of the school meets in the auditorium.

The staff of new officers will be inducted at the meeting, Harold Fisher taking the president's chair. Mrs. Boyd Spangler will be installed as vice president and Miss Rosemary Boggs as secretary-treasurer.

The session will begin at 8 p. m.

Circle 7

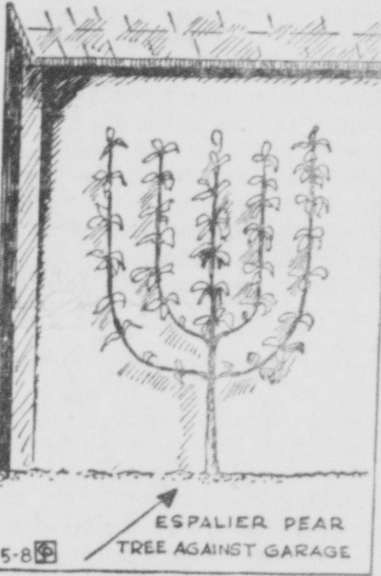

A delightful program appropriate to Mother's Day marked the meeting of Circle 7 of the Women's Society for Christian Service Wednesday at the home of Mrs. Guy Pettit, South Court Street. Mrs. Charles Fullen, co-chairman, presided in the absence of Mrs. Emmett Barnhart, circle chairman.

About 12 members were present. Mrs. Leslie Pontius planned the program which included two piano solos by Miss Betty Bach; a Mother's Day poem by Miss Medreth Bach and an interesting article on "Mothers" by Miss Anna Grimes.

A brief business session concluded the affair.

Today's Garden-Graph

The garage on a city or suburban lot, in addition to housing the automobiles, can be put to practical use as an orchard. This is done by growing dwarf fruit trees, espalier fashion, on the side which receives full sun.

Garage as an orchard

As illustrated in the Garden-Graph, dwarf pear trees are trained upon the garage in espalier fashion. The branches of the young trees are flattened upon a trellis attached to the side of the garage, or else held in place by loops of twine tied to flat-headed nails driven into the side of the garage.

By keeping the branches of the trees pruned into the fork shape as illustrated, and flattened against the side of the building, the fruit receives the benefit of full sunshine.

The espalier fruit trees make an interesting addition to any backyard or garden, both when in bloom or when bearing fruit.

MRS. ROOSEVELT HEARD

A broadcast from the home of President Roosevelt in Hyde Park, on Sunday, will bring to a climax the hemispheric observance of Inter-American and National Music Week.

On this special program Mrs. Franklin D. Roosevelt will be principal speaker, and members of the Negro race, which has made such vital contributions to the music of the United States, will pay tribute to Music Week.

The program, scheduled from 4:30 to 5 p. m., is one of several features broadcast in honor of Music Week, celebrated this year on a wider scale than ever before in its 17-year history.

MARTHA WITH CHARLIE

Charlie McCarthy will entertain the Navy by having Martha Raye as his guest when the program journeys to San Diego, California for a broadcast from the Naval Training Station on Sunday. The tomfoolery of Abbott and Costello, the singing of Donald Dickson, and the manipulating of ventriloquist Edgar Bergen complete the line-up of talent for the half-hour show at 8 p. m.

The youngster who is Edgar Bergen's backwoods cousin (according to McCarthy) will also

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging headache, rheumatism, pain, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

"CRAIG'S WIFE"

Rosalind Russell and Herbert Marshall, two movie stars whose adaptability to radio has been proven many times, team up on Monday, to bring Radio Theatre listeners the story of "Craig's Wife." Producer Cecil B. DeMille will introduce the full-hour drama at 9 p. m.

"Craig's Wife" was a successful Broadway production by George Kelly before being brought to the screen.

Those whose birthday it is should be prepared for a curious, trying and baffling situation to arise, taxing the spirits, the nerves and having strange psychological reactions. Keep alert to fraud, tricks or strange entanglements, exercise extreme care with writings, documents and speech and all may proceed in customary grooves, without much danger. Eddie Joost Sets Modern Record

Cincinnati Infielder, Banked On By Manager To Replace Myers, Accepts 19 Chances As Bucky Walters Blanks New York

NEW YORK, May 8—It should be apparent by this time to the various hosiery traders around the National League that Bill McKechnie, the good grey deacon of the Reds, is a pretty fair judge of ball players on the hoof.

There was some disposition to doubt this last winter when the shrewd scout let Billy Myers go to the Cubs.

"What," asked the eyebrow lifter, "is Bill going to do for a shortstop?"

And there were loud guffaws when Bill blandly announced that Eddie Joost would take care of that spot for him.

"Joost?" they echoed. "Ha, ha, a dime a dozen guy in anybody's book."

Now if those scoffers will take a gander at today's box scores, they will discover that this same Eddie Joost is the joint holder of the record for number of chances accepted by a shortstop.

Eddie came up with 19 chances against the Giants yesterday and if he had not thrown wild trying to complete a fifth double play for the Reds, he might have had an even 20. As it was, he had nine putouts and ten assists.

This equals the mark set by one D. Richardson for Washington when Washington was in the National League back in 1892. It tops all marks since the turn of the century. J. H. Sand turned in 18 for the Phillies in 1924 and Bobby Wallace holds the American League mark—17—made for

the Browns in 1902.

Joost's brilliant fielding, Bucky Walters' steady pitching and Ernie Lombardi's homer were the big factors in the Reds 1-0 victory over Hal Schumacher of the Giants.

Cardinals Stopped

Meanwhile, the Dodgers were cooling off the Cardinals before almost 23,000 pop-eyed fanatics over in Brooklyn.

There were wild scenes over there when Bill McGee, fifth Cardinal pitcher, walked in the tying run in the ninth and then let Pee-wee Reese come through with a single that gave the Dodgers a 4-3 decision. On the other side of the bridge the fans are now more convinced than ever that "our bums" as they lovingly call their ball players, will win the pennant.

The Cubs vacated the cellar in favor of its natural tenants, the Phils, when Bill Lee gave only five hits and walloped two homers himself for an easy 11-2 verdict.

And Max West's hit with the bases loaded in the ninth gave the Braves a 7-6 victory over the Pirates.

The American League race also was tightened up when the Yanks, behind young Marius Russo, trimmed the Indians, 7-5. Ted Williams' 11th inning homer—his second of the game—enabled the Red Sox to trim their White Sox brethren 4-3 and Sid Hudson held the Tigers to six hits to score a 4-2 victory over the Tigers.

And the Browns traveled 14 heats to get a 6-5 nod over the Athletics.

Anderson, who hasn't missed an opening game at Ebbets Field for 10 years, told his craft board that he was a "conchie" after he learned he was to be taken into the Army April 7. The induction was held up as his form had to go through the regular channels. He attended the Dodgers' inaugural on April 15, saw the Giants beat Brooklyn, 6-4, and withdrew his objection on April 16.

Anderson was inducted last Monday—faced with the problem of how to get out in time to witness next season's opener.

ZIVIC CANCELS BOUT

NEW YORK, May 8—Because of a severe attack of boils on his right arm, Welterweight Champion Fritz Zivic today was forced to cancel his 10-round non-title bout scheduled in Philadelphia May 13. Cocoa Kid will pinch-hit for Zivic.

Brooklyn Fan Objects To Army Long Enough To See Dodgers Play

NEW YORK, May 8—A little thing like the draft can't keep a good Dodgers' fan down—or so it seemed today following the disclosure that Robert T. Anderson, 26-year-old Brooklyn baseball fan, filed a conscientious objector's form with his local Selective Service board in order to delay his Army induction to give him time to see the Dodgers launch the 1941 season.

CARRYING ON

ERNE BONHAM, YANKEE PITCHER CARRYING ON IN THE SAME SENSATIONAL MANNER THAT MAJOR LEAGUE DEBUT LATE LAST SEASON

By Jack Sords

INDIANS TO TRY FOR WIN FROM YANKEE OUTFIT

CLEVELAND, May 8—It was very apparent to the Cleveland Indians today that they couldn't let the New York Yankees get away with it two days in a row. Definitely not. They've got to prove this is really a revitalized edition of the Indians and not one still suffering from a slight twinge of uneasiness every time the Broadway Bombers come to town.

To that end it was up to either Al Smith, veteran southpaw, or Mel Harder, to snap the Tribe losing streak before it gets to three straight after a 7-5 setback by the Yanks yesterday.

Charley (Red) Ruffing was expected to be Joe McCarthy's choice for the Yanks.

It's an irreconcilable fact that when the Yanks are hitting they are the toughest team in baseball to beat. Fifteen hits yesterday put them in that category as they pounded Al Milnar, Clint Brown and Harry Eisenstat in that order.

Gerry Priddy, rookie second baseman, drove in three runs for the Yanks to make up for two errors he made in the field.

Trailing 7-3 in the last of the ninth the Tribe started a rally by filling the bases with none out. The Redskins were able to account for only two runs, however, and the bid fell short.

Roy Weatherly, who drove in three runs on two hits, led the Indian attack.

The victory brought the Yanks to within 3½ games of the league-leading Indians.

Billy Soose To Seek Honors As Light-Heavy

By Hype Igoe

NEW YORK, May 8—Deft Billy Soose is looking forward to the day when he will be fighting for Billy Conn's vacated light heavyweight title. Soose maintains that in fighting Ken Overlin for the middleweight title tomorrow night he will merely be rounding second base on his way to the light heavyweight home plate.

And this is the rather startling statement he has to make with regard to both titles:

"After I have won the middleweight title both from Overlin and Zale I will defend it only two or three times. No more, for the simple reason that I am getting heavier. Inside of a year I will be going after the light heavyweight championship."

"It is no secret that I have been having trouble making the middleweight limit. You'll remember that I came in a pound and a half over for Vigh. I'm still growing. I'm around six feet tall and have the frame of a light heavyweight. I will be better fitted in the 175-pound class."

"When I started to train for the fight with Overlin I weighed 170 pounds. I began early so that I could make it gradually, without losing any strength. Ray Arcel put me on a diet, which has brought me up to the battle strong and faster than I've ever been."

"There would be little sense of my trying to remain around 160 pounds when health and stamina would have to be sacrificed. I repeat that I'll win Overlin's and Zale's middleweight titles and defend my championship only two or three times. Then I'll become the light heavyweight champion."

Ken Overlin, 31, has been fighting 12 years. Those who would snatch his crown have not been boxing more than three or four years. Zale, Soose, Hostak, Maurilio, Belloise, Abrams and the others are mere fledglings compared to Overlin.

TOLEDO ATHLETE HURLS ANOTHER NO-HIT CONTEST

TOLEDO, May 8—No-hit games are becoming just another day's work to Bobbie Nash, the University of Toledo's versatile athlete.

Nash twirled his third no-hit game in two years of collegiate pitching yesterday when he set the Bluffton Beavers down without a hit or run as the Rockets won, 11-0. Nash hurled two no-hit victories for the Toledo nine last year. He is also a member of the football, basketball and track teams.

HEROES AND GOATS

Heroes: Bill Lee, Cubs, whose two homers and five-hit pitching beat Phils. Pee-wee Reese, Dodgers, whose clutch single in ninth beat Cardinals. Ernie Lombardi, Reds, whose homer was only run against Giants. Ted Williams, Red Sox, whose second homer of game in 11th beat White Sox.

Goats: Bill McGee, Cardinals, who walked in tying run and then gave winning hit to Dodgers. Bill Crouch, Phils, who was rocked by Cubs in less than one inning. Johnny Rigney, who threw two home runs to Ted Williams. Al Milnar, Indians, who was routed by Yanks.

VETERAN MUCHO GUSTO BOOKED AT BEULAH PARK

COLUMBUS, May 8—The name of Mucho Gusto is again making the headlines. This grand old campaigner of the running race tracks has been nominated by W. J. Spro of Sandusky, O., for the Governor's Handicap at Beulah Park May 17.

It would be a fine and sporting gesture for Mucho Gusto to run in the Governor's race for he has never exhibited his speed at the Grove City plant.

Mucho Gusto has raced against—and defeated—some of the country's outstanding stake performers. At one time, he raced in the colors of Mrs. Walter O'Hara, wife of the late and stormy president of Narragansett Park.

Mucho Gusto was campaigned only lightly in Florida last winter. The nine-year-old son of Marvin May-Sweetheart Time started six times and visited the winner's circle once—winning in the mud at Hialeah January 25.

After the close of the Florida season, Mucho Gusto was shipped to Kentucky and he has won his first three starts in the Blue Grass state.

Last year, he won seven races and a total of \$15,365. His victories included the Francis S. Peabody Memorial and the LaSalle Handicap at Lincoln Fields. He finished third in the Lincoln Handicap at the Crete track and was second in the Churchill Downs Handicap and fourth in the Clark Handicap, both of which are run at Louisville.

His recent success in Kentucky attests to the fact that he still possesses plenty of speed in his aging legs.

BUSINESS MEN, OFFICIALS PLAN MAY 14 CONFAB

No Definite Proposal Made At Aldermen's Meeting Wednesday Eve

(Continued from Page One)

I want the police to be courteous to the public when they contact persons regarding the present ordinance and unless it is a flagrant violation, give them a courtesy card and a copy of the rules and regulations relative to the ordinance of the city relating to traffic.

Griffith Spokesman

George C. Griffith acted as spokesman for the retailers at Wednesday night's conference, and, in opening his remarks, said that nothing definite could be proposed since the merchants had not had time to agree on a list of suggestions.

"There are many things we can suggest," he said. "One is that the space in which parking is limited is not checked regularly so that patrons of our stores do not know just what to do about parking. Proper enforcement of any parking system is a necessity."

He suggested also that spaces should be marked for cars so that more might be parked, that parking be limited to an hour, and that angle parking be restored, declaring that most persons who come to Circleville to shop favor that system instead of parallel.

A J. Moore, new manager of the W. T. Grant Co. store, suggested that merchants meet to decide just what they want before making definite recommendations. He cited the system used in one city of size corresponding with Circleville in which a 15-minute limit is enforced on one side of the street. Parallel parking is permitted on one side of the street and angle on the other.

Henry Mader was the next speaker for the delegation, his statement concerning inadequacy of the police department as far as enforcement of a parking ordinance was concerned. "Circleville is better off without any parking regulations at all than to have a situation such as the one today," he said. He believed merchants would be willing to chip into a pot to help pay additional police to care for traffic problems on Saturday night.

W. Joe Burns expressed the opinion that most rural folk want angle parking, even if it is 20 or 30 degree parking. "Our problem as I see it," he said, "is to recreate good will that has suffered because this tax has been fumbled with for a long while."

Letters received from state officials and from officials of Chillicothe and Marion were read by Safety Director Herrmann, all stressing the advantages of parallel parking.

Cooperation Needed

Councilman Frank A. Lynch asked that all parties involved look at the problem as one in which cooperation is most vital. "We are not cooperating with one another," he said. "Council represents you men and wants to do what is best for all. We do not want to drive business out. Merchants should cooperate with council, too, as far as parking is concerned. Mary is guilty of parking their cars in the business district all day and keeping customers' cars away from satisfactory spots."

The councilman cited defeat of the 3 mill levy last fall as one of the reasons why the police department is undermanned.

Harold Limback of the J. C. Penney Co. store asked that a representative of the police department meet with council and the committee to help consider the question, "because," he said, "enforcement is one of the biggest questions involved."

Mayor Cady, Police Chief McCrady and Traffic Officer Miller Fissell attended the meeting, but neither had anything to say about solution of the question.

Many other retailers, among them being Donald May, Elmer Stebelton, Fritz Sieverts, Clarence Wolf, Chester Blue, Wilbur Funk Jr., Charles Fellers and H. E. Betz, were among the spectators. W. B. Watts, automobile salesman, took his own folding chair to the meeting.

BOY SCOUT CAMPAIGN AT HALFWAY MARK IN COUNTY

Local scout workers have passed the half way mark in their annual sustaining drive for \$750. John W. Beckman, chairman of the campaign committee, announced Thursday. By the end of the week the campaign should be completed. All workers in Circleville and Pickaway County are functioning and all are reporting favorable results, according to scouting officials. Funds from the campaign will be used to pay for the employment of a full time field executive who coordinates the work of 300 volunteer leaders in Cubbing, Scouting and Senior Scouting in the district.

MILITARY PRISONER SHOT TRYING TO GAIN LIBERTY

CARLISLE, Pa., May 8.—A young military prisoner identified by officers as Wilfred Silverman, 25, was shot and killed today in an apparent attempt to flee Carlisle army barracks.

Col. A. L. Parsons, executive officer, announced that Silverman died in the post hospital about an hour after he was wounded by a guard.

The victim was working in a field on the reservation, which is headquarters for the U. S. Medical Field Service School, when he made his break for freedom. The guard fired at the escaping prisoner after the latter failed to heed a warning shot.

Col. Parsons described Silverman as an enlisted man who was made a military prisoner for being absent from the post without leave. His home address was not known.

HOTEL FIRE KILLS FOUR

SEATTLE, May 8.—Four persons were killed by smoke, and at least 11 injured in a fire which swept a frame hotel in downtown Seattle today. Scores of other tenants leaped from second and third story windows to safety or were rescued by firemen.

When President Thomas Jefferson took possession of the White House it was still unfinished. The principal staircase was not built, and the East Room and some of the upstairs apartments had not been plastered.

F. D. R. BETTER, BUT REMAINS IN BED; VISIT OFF

WASHINGTON, May 8.—Still running a fraction of a degree of temperature, President Roosevelt again remained in bed under orders of Rear Admiral Ross T. McIntire, White House physician.

Presidential Secretary Stephen T. Early reported that "the patient was improving and complaining to his doctor" that restraints be removed, but McIntire deemed it advisable for the chief executive to remain abed.

Early said the gastro-intestinal upset, which first hit Mr. Roosevelt on Tuesday, had not yet cleared up.

The President, he said, although having no appointments for the day was in telephonic communication with various officials. He also saw Harry L. Hopkins, director of the lend-lease program frequently during the day. Hopkins is a White House resident.

Plans to visit Hyde Park over the week end have been cancelled.

HIGH STUDENTS STRIKE

MARIETTA, May 8.—Students at the nearby Matamoras High School walked out of their classes because the board of education failed to rehire Superintendent Ralph S. Lanham and three teachers.

recently sunk off the Irish Coast with a loss of 122 lives, including 11 American plane ferry pilots bound for England.

NEW YORK—The German radio claimed in a broadcast picked up by NBC today that the British consulates in Beirut and Damascus have instructed all British subjects to leave the middle east and to send their families to India.

BERLIN—The German government maintained a reserved silence today regarding the roundup of 175 German sailors in New York and other American cities. Nothing was announced regarding possible counter-measures pending receipt of a full report from German authorities at Washington.

LOS ANGELES—After a ten-day good will visit to Los Angeles, General Maximino Avila Camacho, brother of Mexico's president, was en route back to Mexico City today. The general and his party will stop at San Antonio, Texas, it was learned, and from there will make a trip to Corpus Christi to inspect the naval base.

CANBERRA, Australia—Lt. Gen. Sir Thomas Blamey, commander of the Australian forces in the middle east, sent a cable to the Australian government today stating 16,000 Australian troops were sent into Greece to resist the German attack. Of this number 3,000 were listed as casualties, Blamey said.

LONDON—Enemy forces were stated officially today to have evacuated Beberch, 44 miles from Gondar in northern Ethiopia.

HAMILTON, Bermuda—Former King Carol of Romania will be met by the governor of Bermuda on arriving at Hamilton from Lisbon aboard the liner Ex-cambion, probably tomorrow.

ROME—Waves of German planes again raided the British island base of Malta last night, the Italian official communique said today, while in Libya an important gain was reported at the besieged British-held port of Tobruk.

TWO REPRIMANDED

Two men brought before Mayor W. B. Cady Wednesday night for fighting on South Court Street were reprimanded by the mayor and sent home. They were Mart Chaffin, 27, Ashville Route 4, and Henry Caudill, 25, 331 East High Street. A fist fight occurred between the two following an argument over a card game, arresting officers said.

duct of American industry which might be used by the nation's armed forces.

And thousands of miles from America South African Premier Gen. Jan Christian Smuts declared that it won't be long before the United States is "100 percent in the war."

73 Lost in Week

On the military front by far the most important development was the tremendous fight that occurred in the darkened skies over Britain during the night. Swarms of German planes attacked Liverpool and other sections of Britain, but 23 were shot down—more than during any other single night of the war. The Germans have lost 73 bombers over Britain during the last seven nights. RAF bombers were active during the night, giving the German-occupied French port of Brest a heavy hammering. Direct hits were claimed on the docked and bomb-scarred Nazi battle cruisers Scharnhorst and Gneisenau.

Cairo reported further improvement of the British military situation in Iraq. The Iraqi siege of the RAF Habbaniyah base was reported broken and British forces were stated to be in command of an important post on the oil pipe line leading to Haifa.

But there was gloomy news for Britons in London, where word was spread of a "second French capitulation" to Germany which may convert France into an "arsenal" for Italy and the Reich.

BUSINESS MEN, OFFICIALS PLAN MAY 14 CONFAB

No Definite Proposal Made At Aldermen's Meeting Wednesday Eve

(Continued from Page One)

I want the police to be courteous to the public when they contact persons regarding the present ordinance and unless it is a flagrant violation, give them a courtesy card and a copy of the rules and regulations relative to the ordinance of the city relating to traffic."

Griffith Spokesman

George C. Griffith acted as spokesman for the retailers at Wednesday night's conference, and, in opening his remarks, said that nothing definite could be proposed since the merchants had not had time to agree on a list of suggestions.

"There are many things we can suggest," he said. "One is that the space in which parking is limited is not checked regularly so that patrons of our stores do not know just what to do about parking. Proper enforcement of any parking system is a necessity."

He suggested also that spaces should be marked for cars so that more might be parked, that parking be limited to an hour, and that angle parking be restored, declaring that most persons who come to Circleville to shop favor that system instead of parallel.

A. J. Moore, new manager of the W. T. Grant Co. store, suggested that merchants meet to decide just what they want before making definite recommendations. He cited the system used in one city of size corresponding with Circleville in which a 15-minute limit is enforced on one side of the street. Parallel parking is permitted on one side of the street and angle on the other.

Henry Mader was the next speaker for the delegation. His statement concerning inadequacy of the police department as far as enforcement of a parking ordinance was concerned. "Circleville is better off without any parking regulations at all than to have a situation such as the one today."

He said he believed merchants would be willing to chip into a pot to help pay additional police to care for traffic problems on Saturday night.

W. Joe Burrs expressed the opinion that most rural folk want angle parking, even if it is 20 or 30 degree parking. "Our problem as I see it," he said, "is to recreate good will that has suffered because this fact has been fumbled with for a long while."

Letters received from state officials and from officials of Chillicothe and Marion were read by Safety Director Hermann, all stressing the advantages of parallel parking.

Cooperation Needed

Councilman Frank A. Lynch asked that all parties involved look at the problem as one in which cooperation is most vital. "We are not cooperating with one another," he said. "Council represents you men and wants to do what is best for all. We do not want to drive business out. Merchants should cooperate with council, too, as far as parking is concerned. Many are guilty of parking their cars in the business district all day and keeping customers' cars away from satisfactory spots."

The councilman cited defeat of the 3 mill levy last fall as one of the reasons why the police department is undermanned.

Harold Limback of the J. C. Rooney Co. store asked that a representative of the police department meet with council and the committee to help consider the question, "because," he said, "enforcement is one of the biggest questions involved."

Mayor Cady, Police Chief McCrady and Traffic Officer Miller Fissell attended the meeting, but neither had anything to say about solution of the question.

Many other retailers, among them being Donald May, Elmer Stebelton, Fritz Sieverts, Clarence Wolf, Chester Blue, Wilbur Funk Jr., Charles Fellers and H. E. Betz, were among the spectators. W. B. Watts, automobile salesman, took his own folding chair to the meeting.

BOY SCOUT CAMPAIGN AT HALFWAY MARK IN COUNTY

Local scout workers have passed the half way mark in their annual sustaining drive for \$750. John W. Deelman, chairman of the campaign committee, announced Thursday. By the end of the week the campaign should be completed. All workers in Circleville and Pickaway County are functioning and all are reporting favorable results, according to scouting officials. Funds from the campaign will be used to pay for the employment of a full time field executive who coordinates the work of 200 volunteer leaders, in Cubbing, Scouting and Senior Scouting in the district.

FARM GROUPS ORGANIZE TO OPPOSE CAMP IN TWO COUNTIES

EIGHT SELECTED TO DIRECT MOVE ON CANTONMENT

James Tootle, President Of Ross Bureau, Selected As Chairman

PICKAWAY MEN NAMED
50,000 Acres To Be Taken Out Of Production If Step Is Approved

Pickaway and Ross County farmers and farm industry leaders, meeting at the Union-Scioto school in Ross County Wednesday night to protest the rumored establishment of an army cantonment in Ross and Pickaway Counties, set up a permanent organization and selected a committee of eight men, four from each county, to map out an anti-cantonment campaign.

James Tootle, president of the Ross County Farm Bureau, was elected chairman of the anti-cantonment organization and Beryl Stevenson, Wayne Township, Pickaway County, was made secretary-treasurer.

Members of the committee are Charles Rose, Deer Creek Township; Ward Peck, Wayne Township; Frank Carter, Deer Creek Township; and Glenn Grimes, Perry Township. Ross County members are Homer Ackley, Charles Betsch, Phil Dunlap and E. T. Cook.

May Send Delegate
The committee met immediately after the general meeting Wednesday night, planned to send letters and telegrams to Washington protesting the proposed area for a camp site and made tentative arrangements to send a delegate to the War Department in Washington.

Representatives of farm organizations and industries who spoke at the meeting protested the action taken by the Chillicothe "citizens committee" in boosting the section for location of the cantonment. Robert Immell, Yellowburg, accused the committee of misrepresenting the opinions of Chillicothe citizens. He said "It is not right to be sold short by a group who see the movement an easy way to make money."

Howard Orr, of the Winor Canning Company, spokesman for Circleville farm industries, told the approximately 500 persons assembled at the meeting that the delegation sent to Washington should have "definite information" with which to impress the War Department.

"By establishing an army cantonment in this area it should be pointed out to the government," Mr. Orr said, "that it is taking out of production an approximate 50,000 acres of fertile farm land essential to its National Defense program."

During the meeting stamped envelopes addressed to Under Secretary of War Robert G. Patterson were distributed to members of the audience with the request that they write their sentiments concerning the establishment of the camp and mail them to Washington. Congressman Harold K. Claypool also will be informed of the stand taken by the group.

17 Objectives Listed
Seventeen objections to the camp site were presented at the meeting. They were: 1. The land is essential for self-defense; 2. The mushroom growth and after effect; 3. Disturbing normal labor in established agriculture and industry; 4. Rapidly diminishing water supply; 5. Moral issues of our young people; 6. The proposal works against consumers through medium of increased living costs, higher rent and approximately 20 percent higher taxes; 7. Valuable land would be taken off the tax duplicate; 8. Immediate benefits are unevenly distributed; 9. Would disrupt rural and city school systems; 10. Would disrupt the balance of agricultural, industrial and federal institutions in the two counties; 11. Tenant farmers would lose their present crops and would be forced to dispose of their livestock and implements; 12. Farm owners would not be paid for their farms what they are worth, considering sentiment and associations which surround most of the farms; 13. It would add to the pollution of the water supply of Chillicothe; 14. The cost of county and city governments would be increased and the revenue from taxation reduced; 15. Future use of the cantonment would be uncertain; 16. Merchants who have been supported by our agriculture have no right to encourage the condemnation of our farms and homes; 17. Some of our best farmers and citizens would be compelled to move out of the district.

During the meeting the name Agricultural, Industrial, Patriotic Cooperative Committee of Pickaway and Ross Counties was adopted as the official name for the anti-cantonment unit.

A collection from the audience brought \$201 for the further promotion of the anti-cantonment campaign.

WASHINGTON C. H. READY FOR AIR MAIL PICKUP

WASHINGTON C. H., May 8—All requirements of the All-American Aviation Corp., for the establishment of an airmail line depot have been met, Dana Hyer, secretary of the Business and Civic Association, has announced. A representative of the company is expected to come to the city in the near future to make a final check and draw up the necessary contracts.

Fayette County commissioners have given their permission for the use of the field along the CCC highway formerly used by the County Home for setting up the airmail pickup equipment.

TRAIN KILLS COUPLE

WASHINGTON C. H., May 8—Mr. and Mrs. Grant Leach, of Bloomingburg, were killed when their automobile collided with the engine of a Baltimore & Ohio freight train a half mile north of Washington C. H. Leach, 53, was a coal yard operator.

MRS. CARL FRENK DIES AT 63 IN BERGER HOSPITAL

Mrs. Katherine Frenk, 63, wife of Carl Frenk, 208 West High Street, died Wednesday afternoon in Berger Hospital, 10 minutes after she was admitted to the hospital. Mrs. Frenk was a victim of asthma.

Born May 27, 1877 in Hocking County, she was a daughter of Mr. and Mrs. Jeremiah Peterson.

Her husband and a foster son, Stanley Leist of Circleville, survive.

The funeral will be Friday at 2 p. m. in the Mader Chapel, the Rev. A. N. Gruesser officiating. Burial will be in Forest Cemetery. The body will be at the Chapel where friends may call.

The watermelon is a distinct species of the cucumber family, and is supposed to have originated in a wild state in Africa.

Representatives of farm organizations and industries who spoke at the meeting protested the action taken by the Chillicothe "citizens committee" in boosting the section for location of the cantonment. Robert Immell, Yellowbid, accused the committee of misrepresenting the opinions of Chillicothe citizens. He said "It is not right to be sold short by a group who see the movement an easy way to make money."

Howard Orr, of the Winorri Canning Company, spokesman for Circleville farm industries, told the approximately 500 persons assembled at the meeting that the delegation sent to Washington

should have "definite information" with which to impress the War Department.

"By establishing and army cantonment in this area it should be pointed out to the government," Mr. Orr said, "that it is taking out of production an approximate 50,000 acres of fertile farm land essential to its National Defense program."

During the meeting stamped envelopes addressed to Under Secretary of War Robert G. Patterson were distributed to members of the audience with the request that they write their sentiments concerning the establishment of the camp and mail them to Washington, Congressman Harold K. Claypool also will be informed of the stand taken by the group.

17 Objectives Listed

Seventeen objections to the camp site were presented at the meeting. They were: 1. The land is essential for self-defense; 2. The mushroom growth and after effect; 3. Disturbing normal labor in established agriculture and industry; 4. Rapidly diminishing water supply; 5. Moral issues of our young people; 6. The proposals works against consumers through medium of increased living costs, higher rent and approximately 20 percent higher taxes; 7. Valuable land would be taken off the tax duplicate; 8. Immediate benefits are unevenly distributed; 9. Would disrupt rural and city school systems; 10. Would disrupt the balance of agricultural, industrial and federal institutions in the two counties; 11. Tenant farmers would lose their present crops and would be forced to dispose of their livestock and implements; 12. Farm owners would not be paid for their farms what they are worth, considering sentiment and associations which surround most of the farms; 13. It would add to the pollution of the water supply of Chillicothe; 14. The cost of county and city governments would be increased and the revenue from taxation reduced; 15. Future use of the cantonment would be uncertain; 16. Merchants who have been supported by our agriculture have no right to encourage the condemnation of our farms and homes; 17. Some of our best farmers and citizens would be compelled to move out of the district.

During the meeting the name Agricultural, Industrial, Patriotic Cooperative Committee of Pickaway and Ross Counties was adopted as the official name for the anti-cantonment unit.

A collection from the audience brought \$201 for the further promotion of the anti-cantonment campaign.

WASHINGTON C. H. READY FOR AIR MAIL PICKUP

WASHINGTON C. H., May 8—All requirements of the All-American Aviation Corp., for the establishment of an airmail line depot have been met, Dana Hyer, secretary of the Business and Civic Association, has announced. A representative of the company is expected to come to the city in the near future to make a final check and draw up the necessary contracts.

Fayette County commissioners have given their permission for the use of the field along the CCC highway formerly used by the County Home for setting up the airmail pickup equipment.

TRAIN KILLS COUPLE

WASHINGTON C. H., May 8—Mr. and Mrs. Grant Leach, of Bloomingburg, were killed when their automobile collided with the engine of a Baltimore & Ohio freight train a half mile north of Washington C. H. Leach, 53, was a coal yard operator.

MRS. CARL FRENK DIES AT 63 IN BERGER HOSPITAL

Mrs. Katherine Frenk, 63, wife of Carl Frenk, 208 West High Street, died Wednesday afternoon in Berger Hospital, 10 minutes after she was admitted to the hospital. Mrs. Frenk was a victim of asthma.

Born May 27, 1877 in Hocking County, she was a daughter of Mr. and Mrs. Jeremiah Peterson.

Her husband and a foster son, Stanley Leist of Circleville, survive.

The funeral will be Friday at 2 p. m. in the Mader Chapel, the Rev. A. N. Grueser officiating. Burial will be in Forest Cemetery. The body will be at the Chapel where friends may call.

The watermelon is a distinct species of the cucumber family, and is supposed to have originated in a wild state in Africa.
